Brethren are good at Potlucks!

Quotes from "Potluck's Wide Open Table," written by Mandy Garcia, associate director of donor communications for the Church of the Brethren in the June issue of Messenger....

*When I think of all the people in my life that I never would have met if it weren't for our shared faith,
When I think of all the dishes I never would have tried
Or the conversations I never would have had if it weren't for the random conglomeration of food in church potlucks...*

Jesus is the reason we've found each other, he is the reason we gather as family, and it's at his table that we break bread together and share in each other's lives. His table is full of sustenance and variety. It has seats for everyone and space for dishes from all over the world. We partake of that table in our church where we meet, invest in each other, and form communities. We enjoy food that we never would have tasted and stick together with people we never would have met if it weren't for Jesus. And that is truly delicious!

Bring your favorite dishes to share at our Kick off Potluck next Sunday.
